

DISCOVER POWERFUL WASHING

AT AN EXCEPTIONAL VALUE

AMSCO[®]
3052
Single Chamber
Washer/Disinfector

The AMSCO Single Chamber 3052 Washer/Disinfector delivers effective throughput to maintain productivity, while delivering efficiencies without compromising quality.

PRODUCTIVITY

- Effective throughput helps you meet the demands of your daily schedule
- Allows for flexibility when reprocessing a wide range of surgical instruments with multiple rack configurations

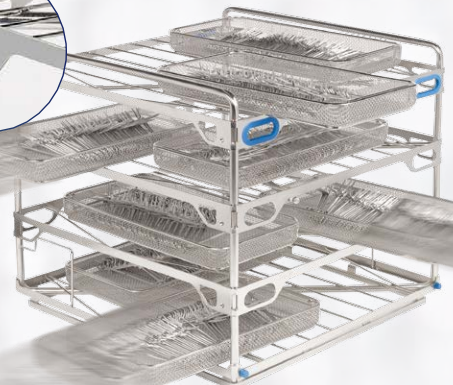

PERFORMANCE

- Full Coverage Spray Pattern combines our efficient cross pattern spray arm nozzles, impingement options, and dual speed pumps to provide the assurance you need for consistent performance.

EASE OF USE

- Increase staff confidence and safety with our intuitive LCD large touch-screen control panel which provides clear visibility and access to critical information
- Cool touch handles allow for safe and immediate handling of loads following completion of cycle
- All racks are conveniently designed for easy load and unload from all sides
- Eliminate manual record keeping with USB download option
- Standard vented and non vented options allows for less downtime during installation
- Innovative 180 degree reverse installation option comes standard and helps fit most space configurations

GREEN SAVINGS

AMSCO 3052 Single Chamber Washer/Disinfectors are built to run efficiently with fast, effective cycles using concentrated and biodegradable chemistries
