How to Order

On the following pages you will find specifications for accessories to be used on STERIS's Ceiling Systems. For more information about STERIS's surgical accessories, contact your STERIS Account Manager, or call STERIS Healthcare Customer Service at 800-548-4873.

Thank you for your business.

STERIS Warranty

STERIS Corporation is committed to customer satisfaction. STERIS will correct any defects(s) in material or workmanship occurring during the warranty period in accordance with the following terms:

- For 12 months after the warranty start date, STERIS Corporation will provide free replacement parts for all equipment that does not perform according to its specifications. The warranty start date is the date 30 days after STERIS ships the equipment.
- All work on STERIS equipment during the warranty period must be performed by a qualified technician. Additional information is available in STERIS's Warranty and Customer Assistance Information booklet, P-056399-116, available upon request.

Angled Shelves

The Angled Shelves are used in the critical care environment for additional equipment shelf space and to hold patient charts. The aluminum shelves attach via the equipment rails on the EMS column and have optional Velcro straps to secure equipment.

LS1009005 8" W x 8" D without Velcro LS1009006 \13" W x 8" D without Velcro LS1009014 8" W x 8" D with Velcro LS1009015 13" W x 8" D with Velcro

Flat Shelves

The Flat Shelves are used in the critical care environment for additional shelf space to hold accessories, charts, and equipment. The aluminum shelf attaches to equipment rails on the EMS column.

Equipment No.

LS1009001 10" W x 8" D LS1009002 10" W x 13" D LS1009003 13" W x 13" D LS1009004 19" W x 13" D

Workstation Shelves

The Workstation Shelves create a flexible work surface or additional shelf space for the critical care area and will fold up when not in use to save space. The aluminum shelves mount via the equipment rail or 38mm poles.

Equipment No.

LS1009100 10" W x 15" D Mounts to Extension Rail LS1009103 8" W x 12" D Mounts to 38mm Pole

Hinged Shelves

The Hinged Shelves are used in the critical care environment for additional equipment shelf space. The aluminum shelves attach via the equipment rails on the equipment column and can be folded down when not in use to save space.

Equipment No.

LS1009007 9" W x 12" D LS1009008 13.5" W x 10" D LS1009009 17" W x 12" D

Mayo Trays

The Mayo Tray is used in the critical care environment to provide additional shelf space when needed. The aluminum trays attach to the equipment rails on the equipment column and can be folded down or removed when not in use to save space.

Equipment No.

LS1009010 13.625" W x 9.75" D Hinged LS1009011 17.125" W x 11.625" D Hinged LS1009012 13.625" W x 9.75" D Removable LS1009013 17.125" W x 11.625" D Removable

Compact Rail

The Compact Rail can be attached to an IV pole to provide four 4.5" sides of connection for attaching additional accessories.

Equipment No.

LS1018004 38mm IV Pole Mount LS1018005 25mm IV Pole Mount

Cross Rail

The Cross Rail attaches to the vertical channel of equipment column and is used to attach accessories via horizontal rails.

Equipment No.

LS1022003 14" Front Cross Rail LS1022004 18" Front Cross Rail

LS1022005 14" Front Cross Rail with 10" Side Rails (Image Shown)

LS1022006 18" Front Cross Rail with 10" Side Rails

Surround Rail

The Surround Rail provides 360 degrees of accessory support around the HarmonyAIR™ column.

Equipment No.

LS1022001 14" Rear Surround Rail (Image Shown)

LS1022002 24" Rear Surround Rail

Heavy Duty Equipment Rail

The Equipment Rail attaches to a wall mount to provide flexibility to add snap-on accessories for equipment booms.

Equipment No.

1' W, 2 Wall Mounting Holes LS1002012 LS1002024 2' W, 2 Wall Mounting Holes LS1002036 3' W, 3 Wall Mounting Holes LS1002048 4' W, 3 Wall Mounting Holes 5' W, 4 Wall Mounting Holes LS1002060 6' W, 5 Wall Mounting Holes LS1002072 7' W, 6 Wall Mounting Holes LS1002084 8' W, 6 Wall Mounting Holes LS1002096 9' W, 7 Wall Mounting Holes LS1002108 LS1002120 10' W, 8 Wall Mounting Holes

38mm Pole Mounted Rail

#LS1013019

The 38mm Pole Mounted Rail is used to attach snap-on accessories onto accessory poles.

Equipment Rails

Rail Mounting Hardware - Flush

The Flush Mounting Hardware is used for wall mounting rails to equipment booms.

Equipment No.

LS1004P01 Mounting for Metal Studs LS1004P02 Mounting for Drywall LS1004P03 Mounting for Masonry

Rail Mounting Hardware - Standoff

The Standoff Mounting Hardware is used for wall mounting heavy duty rails for equipment booms.

Equipment No.

LS1004P04 Mounting for Metal Studs LS1004P05 Mounting for Drywall LS1004P06 Mounting for Masonry

Equipment Rail End Caps

Rail End Caps are used to cover the ends of equipment boom rails.

Equipment No.

LS1002P01 Heavy Duty (Qty 2) LS1003P01 Standard (Qty 2)

Replacement Side Rail Kits

Light Duty Side Rail Kit (includes hardware). Order as replacement for existing rails only.

Equipment No.

LS1022008 14" for Standard 17" Shelf (Image Shown)

LS1022009 17" for Large 20" Shelf

Equipment Shelves, Large - 25.6" W x 20.9" D

These shelves mount to the front rails of the HarmonyAIR™ equipment boom column to organize your surgical equipment. For additional storage, a HarmonyAIR™ Drawer Kit (shown in image) may be ordered separately.

Equipment No.

THSHEL11 Large Shelf Only, 110 lbs. max load
THSHEL12 Large Shelf with 2 Rails, 110 lbs max load
THSHEL14 Large Shelf with 2 Handles, 110 lbs max load
THSHEL16 Large Shelf with 2 Rails, 2 Handles, 110 lbs max load

THDRAWLG Drawer Kit for Large Shelves (Includes 1 Drawer and Mounting Hardware)

Equipment Shelves, Small - 17.7" W x 16.9" D

These shelves mount to the front rails of the HarmonyAIR $^{\text{TM}}$ equipment boom column to organize your surgical equipment. For additional storage, a HarmonyAIR $^{\text{TM}}$ Drawer Kit (shown in image) may be ordered separately.

Equipment No.

THSHES11 Small Shelf Only, 44 lbs max load
THSHES12 Small Shelf with 2 Rails, 44 lbs max load

THDRAWSM Drawer Kit for Small Shelf (Includes 1 Drawer and Mounting Hardware)

Equipment Shelf with Drawer and Mousepad - 17.2" W x 14.2" D

This shelf mounts to the front rails of the HarmonyAIR™ equipment boom column and includes a drawer with a slide-out mousepad.

Equipment No.

THSHEL4106 Shelf with Drawer and Mousepad, 33 lbs max load"

Smoke Evacuation System

Designed exclusively for the HarmonyAIR equipment boom, the equipment boom integrated HarmonyAIR Smoke Evacuation System provides ideal flow for operating rooms and outpatient surgery centers. It combines customizable and variable filter life, low total cost of ownership, and a 3-port filter with filter life tracking technology.

Equipment No.

QS0018 Small Shelf HarmonyAIR Smoke Evacuation System - 110V (shelf not included)
QS0020 Large Shelf HarmonyAIR Smoke Evacuation System - 110V (shelf not included)

Smoke Evacuation Filter

Designed to fit the HarmonyAIR Smoke Evacuation System with 4 layers of proven filtration: gross particulate, ULPA media, activated carbon, and post filter. Lasts up to 35 hours (approximately 3 months) of plume evacuation time and captures 0.1 to 0.2 micron particles at 99.999% efficiency. Hidden ports reduce the risk to caregivers of cross contamination.

Equipment No.

QS0022 Filter Two (2) Pack

Smoke Evacuation System Sterile Tubing

Sterile tubing available in the most common and versatile hose size of 7/8" (22mm) in diameter and lengths of 6 ft (1.8m), 10 ft (3.1m), or 14 ft (4.3m). Equipment No.

Smoke Evacuation System Laparoscopic Tubing

Laparoscopic tubing easily connects from a standard trocar to the HarmonyAIR Smoke Evacuation System for active, efficient, and safe removal of surgical plume during laparoscopic procedures.

Equipment No.

QS0026 Laparoscopic Tubes - 12 Per Box

Smoke Evacuation Fluid Filter Trap

The translucent design captures fluids to help maintain the integrity of the filtration system and assist with maintaining filter life. Includes measurement increments (holds up to 100 cc fluid capacity) and cap holder for easy storage during use.

Equipment No.

QS0027 Filter Fluid Trap - 10 Per Box

Smoke Evacuation System Remote Switch Activator

The Remote Switch Activator device remotely turns the HarmonyAIR Smoke Evacuation System on and off in conjunction with ESU activation saving filter life. Adjustable delay can be set from 0 to 10 seconds, allowing for capture of residual plume that may be present after deactivation of electrosurgery devices. Equipment No.

QS0028 Remote Switch Activator

IV Support www.steris.com

TAD™ IV Transfer System

The TAD™ IV Transfer System enables safe movement of infusion and other pole mounted equipment from a stationary position on a wall or boom to a hospital bed, and vice versa. The TAD™ system consists of four elements: a transfer device with IV pole, a bed attachment arm with transfer cone, a headwall or column attachment arm with transfer cone, and a mobile docking station also with a transfer cone.

Equipment No.

LS1035205 TAD™ Mobile Docking Station

TAD™ IV Transfer System - Bed Adaptors

Equipment No.

LS1035221 TAD™ Bed Adaptor for Stryker In Touch Bed with Cone
LS1035220L TAD™ Bed Adaptor for Stryker Epic II Zoom Bed w/Cone (Left)
LS1035220R TAD™ Bed Adaptor for Stryker Epci II Zoom Bed w/Cone (Right)
LS1035222 TAD™ Bed Adaptor for Hill Rom Total Care with Cone

TAD™ IV Transfer System - Boom Adaptors

Equipment No.

LS1035208 TAD™ Boom Adaptors for Draeger Vertical Channel w/Arm and Cone LS1035209 TAD™ Boom Adaptors for STERIS HarmonyAIR™ equipment boom

w/Arm and Cone

LS1035207 TAD™ Mount for 388mm Pole with Arm and Cone

LS1035205 TAD™ Mobile Docking Station

TAD™ IV Transfer System - IV Poles

Equipment No.

LS1035201 TAD™ Single IV Pole 27" Long, 4 Hook LS1035202 TAD™ Triple IV Pole, 27" Long, 8 Hangers

IV Poles, Single with Extensions, Double Rail Mount

The Double Rail Mounted Single IV Poles have a 20" telescoping extension and include three hooks for IV fluid bags. Two horizontal rails are required for mounting. Cross Rails or Equipment Side Rails may be used. Rails are sold separately.

Equipment No.

LS1014003 36" L IV Pole LS1014004 48" L IV Pole

IV Poles, Single with Extensions, Single Rail Mount

The Single Rail Mounted IV Poles have a short block fixed mount and include a telescoping extension and three hooks for IV bags. One horizontal Cross Rail or Equipment Rail is required for mounting. Rails are sold separately.

Equipment No.

LS1014005 16" L IV Pole with 10" L Extension LS1014006 24" L IV Pole with 15" L Extension LS1014007 30" L IV Pole with 20" L Extension

IV Poles, 36" L with Extensions, Swivel Mount

The 36" L IV Poles have a 20" L telescoping extension with swivel mount. The swivel mount has a snap action adapter to attach to horizontal rails. Horizontal rails are sold separately.

Equipment No.

LS1014001 Single IV Pole with 10" L Swivel Arm LS1014002 Double IV Pole with 12" L Swivel Arm

IV Extension Arm

The IV Extension Arm can be used to extend the distance of the 1" diameter IV poles out from the EMS column.

Equipment No.

LS1018075 32" L, Fits Ø25mm IV Pole w/Front Column Mount for Harmony™ EMS equipment boom 20" L, Fits Ø38mm IV Pole w/Vertical Column Channel Mount LS1014015 for Harmony™ EMS equipment boom 32" L, Fits Ø25mm IV Pole w/Ø38mm Pole Mount LS1014008 for Harmony Nexus™ equipment boom 12" L, Fits Ø38mm IV Pole w/Ø38mm Pole Mount LS1014010 for Harmony Nexus™ equipment boom LS1018061 Fixed Mount IV Pole Extension Arm LS1018066 Adapter to Add 2nd IV Pole to Existing IV Pole

Cable Management Extension Arm

The Cable Management Extension Arm attaches to equipment boom columns via an Equipment Rail. This Extension Arm extends 32" out from the column and is used to manage patient leads and hoses. Equipment Rail sold separately. Equipment No.

LS1018068

IV Pump Rail Mount Pole

The 6" IV Pump Rail Mount Pole attaches via an Equipment Rail and is used for IV pumps. Equipment Rail sold separately. Equipment No.

LS1014P11

IV Pole Mounting Posts and Holders

The IV Pole Mounting Posts and Holders are used with 1" diameter IV poles. Equipment No.

LS1018074 3" H, Mounts to Harmony EMS Vertical Channel LS1013024 4" H, Mounts to Equipment Rail

LS1013022 Universal IV Pole Holder for Ø25mm - Ø38mm poles

LS1018062 Block for Mounting IV Pole to Equipment Rail

Pump Support #THPUM6128

Pump Support, Double Pole, 28mm Diameter for HarmonyAIR™

Ventilator Manifold with Blender

The Ventilator Manifold allows users to bring oxygen and air to one common point and attach a blender device (such as a Bird Blender). The blender device slides into the center of the adapter and blends oxygen and air for use in a ventilator. This blender manifold uses DISS connections and requires additional hose assemblies to bring gases into the manifold from the wall outlet. There are extra oxygen and air connections so that the gases may also be used individually even when the blender is utilized.

Equipment No.

LS1006001 2 Air, 2 Oxygen LS1006002 3 Air, 3 Oxygen

Mounting Bracket for Bird Blender

The Mounting Bracket for Bird Blenders attaches to equipment boom column mounted equipment rails and are used in conjunction with Ventilator Manifolds sold separately.

Equipment No. LS1013023

E-Cylinder Tank Holder

#LS1013015

The E-cylinder Tank Holder attaches to an equipment rail and holds E-sized cylinders up to 22-3/4" in height and 4-1/2" in diameter. Tank not included.

Argon Tank Holder #LS1013035

The Argon Tank Holder mounts to equipment boom columns and provides optimal space management. Tank not included.

Monitor Holder - Single Articulation #THMON1111

Flat panel monitor holder, single articulation for HarmonyAIR $^{\mathsf{TM}}$ Equipment Booms.

Rigid

VESA 75 or 100

Load capacity: 17.6 lbs.

Monitor Holder - Single Articulation #THMON2111

Flat panel monitor holder, single articulation for HarmonyAIR™ Equipment Booms.

Arm length: 7.6 in. VESA 75 or 100

Load capacity: 17.6 Lbs.

Monitor Holder - Double Articulation

#THMON3111

Flat panel monitor holder, double articulation for HarmonyAIR™ Equipment

Arm length: 12.6 in. VESA 75 or 100

Load capacity: 30.8 lbs.

Monitor Holder - Double Articulation

#THMON4111

Monitor holder, double articulation for HarmonyAIR™ Equipment Booms.

Arm length: 12.6 in. - 12.6 in.

VESA 75 or 100 Load capacity: 33 lbs.

Monitor Holder - Single Articulation #THMON1113

Flat panel monitor holder, single articulation for HarmonyAIR™ Equipment Booms.

VESA 75 or 100

Load capacity: 30.8 lbs.

Monitor Holder - Double Articulation #THMON3323

Monitor holder, double articulation with height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Depth adjustable Arm length: 15.8 in. VESA 75 or 100

Monitor Holder - Double Articulation with Keyboard Holder #THMON3163

Flat panel monitor holder, double articulation with keyboard holder and mouse support for HarmonyAIR™ Equipment Booms.

Arm length: 12.6 in. VESA 75 or 100 Load capacity: 30.8 lbs.

Monitor Holder - Triple Articulation #THMON4163

Flat panel monitor holder, triple articulation with keyboard and mouse support for HarmonyAIR™ Equipment Booms.

Height adjustment (spring)

Arm length: 15.8 in. VESA 75 or 100

Load capacity: 6.6 - 22.0 lbs.

Monitor Holder - Single Articulation #THMON1115

Flat panel monitor holder, single articulation for HarmonyAIR™ Equipment Booms.

Vertical tilt VESA 100

Load capacity: 39.6 lbs.

VESA 100 Adaptor #THOPT004

VESA 100 to VESA 75 Adaptor for THMON1115 Monitor Holder.

Monitor Holder - Double Articulation #THMON3311

Flat panel monitor holder, double articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arm length: 15.8 in. VESA 75 or 100

Load capacity: 6.6 - 22.0 lbs.

Monitor Holder - Double Articulation #THMON3313

Flat panel monitor holder, double articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arm length: 15.8 in. VESA 75 or 100

Load capacity: 17.6 - 30.8 lbs.

Monitor Holder - Double Articulation #THMON3211

Flat panel monitor holder, double articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arm length: 23.6 in. VESA 75 or 100

Load capacity: 6.6 - 22.0 lbs.

Monitor Holder - Double Articulation #THMON3212

Flat panel monitor holder, double articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arm length: 23.6 in. VESA 75 or 100

Load capacity: 17.6 - 30.8 lbs.

Monitor Holder - Triple Articulation #THMON4211

Flat panel monitor holder, triple articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arms length: 15.8 in. - 13.8 in.

VESA 75 or 100

Load capacity: 6.6 - 22.0 lbs.

Monitor Holder - Triple Articulation #THMON4212

Monitor holder, triple articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arms length: 15.8 in - 13.8 in.

VESA 75 or 100

Load capacity: 17.6 - 30.8 Lbs.

Monitor Holder - Single Articulation #THMON2123

Flat panel monitor holder, single articulation for HarmonyAIR™ Equipment Booms.

Depth adjustable Arm length: 7.6 in. VESA 75 or 100 Load capacity: 30.8 lbs.

Monitor Holder - Double Articulation #THMON3123

Flat panel monitor holder, double articulation for HarmonyAIR™ Equipment Booms.

Depth adjustable Arm length: 12.6 in. VESA 75 or 100 Load capacity: 30.8 lbs.

Monitor Holder - Triple Articulation #THMON4123

Flat panel monitor holder, triple articulation for HarmonyAIR™ Equipment

Monitor Holder - Double Articulation #THMON3133

Monitor holder, double articulation for HarmonyAIR™ Equipment Booms.

Arm length: 12.6 in. Sliding assembly Load capacity: 30.8 lbs.

Monitor Holder - Double Articulation #THMON3333

Monitor holder, double articulation with height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arm length: 15.8 in. Sliding assembly

Load capacity: 17.6 - 30.8 lbs.

Monitor Holder - Triple Articulation #THMON4133

Monitor holder, triple articulation for HarmonyAIR™ Equipment Booms.

Arms length: 12.6 in. - 12.6 in.

Sliding assembly Load capacity: 30.8 lbs.

Monitor Holder - Triple Articulation #THMON2218

Flat panel monitor, triple articulation, height adjustment (spring) for HarmonyAIR™ Equipment Booms.

Arms length: 11.8 in. - 13.8 in.

VESA 75 or 100

Load capacity: 6.6 - 22.0 lbs.

Philips Monitor Support Arm

Equipment No.

THMON2144 Philips Patient Monitor Arm, Adj, 5.0in. Arm Length, 31 Lbs. max load Philips Patient Monitor Arm, Adj, 15.8in. Arm Length, 31 Lbs. max load

Monitor Adaptor for Nihon Kohen #THOPT005

Monitor Adaptor with Sliding Assembly Adaptor for Nihon Kohen

Adapter for Sharps Holder #LS500085

The adapter for Sharps disposal containers attaches to an equipment rail for easy access. Sharps disposal container not included.

Baxter Bulb Tray Holder #LS2001010

The Baxter Bulb Tray Holder mounts to an equipment rail for easy access. Baxter bulbs not included.

Blood Pressure Cuff Holder

The Blood Pressure (BP) Cuff Holders include a mounting kit and attach to an equipment rail for easy access. Blood Pressure cuffs not included.

Equipment No.

LS1012002 BP Cuff Holder

LS1012P03 U-Shaped BP Cuff Holder

LS1012P04 BP Cuff Basket

Catheter Holders

The Catheter Holder attaches to an equipment rail for easy access. Catheters not included.

Equipment No.

LS1013005 Small Holder 7" W x 5" D x 7" H LS1013006 Long Holder 6" W x 4" D x 18" H

Antiseptic Handrub and Disinfectant Wipes Mounted Holders

The Disinfectant Wipes Holder attaches to an equipment rail for easy access. Antiseptic handrub and disinfectant wipes not included.

Equipment No.

LS1018S02 for 17 oz Alcare Plus® Antiseptic Handrub LS1018S03 for 9 oz Alcare Plus® Antiseptic Handrub

LS1018S01 for Coverage® and Coverage Plus® Germicidal Surface Wipes

Flex Arm Respiratory Circuit Holder #LS1013028

The Flex Arm Respiratory Circuit Holder attaches to an equipment rail for easy access. Respiratory circuit not included.

Foot Pedal Holder

The Foot Pedal Holder attaches to the bottom of Harmony EMS equipment boom columns to allow additional secure, yet easily accessed storage space for foot pedals when not in use. Can also be used to store integration boxes or CPUs.

LS1018121 Rear Facing 15" W x 18" D x 7" H
LS1018121B Rear Facing 20" W x 20" D x 8.5" H
LS1018129 Forward Facing 18" W x 18" D x 7" H

Glove Box Holder

The Glove Box Holder attaches to an equipment rail for easy access. Gloves not included.

Equipment No.

LS1013002 for 1 Glove Box

LS1013003 for up to 2 Glove Boxes

LS1013034 for up to 3 Glove Boxes, Adjustable Width and Height

Ophthalmoscope Holder, Welch Allyn 767 Series #LS1013011

The Welch Allyn 767 Series Ophthalmoscope Holder attaches to an equipment rail for easy access. Scope not included.

Speculum Container Holder #LS1013012

The Speculum Container Holder attaches to an equipment rail for easy access. Speculum not included.

Thermometer Holder

#LS1013045

The Welch Allyn Thermometer Holder attaches to an equipment rail for easy access. Thermometer not included.

Transducer Holder

#LS1013025

The Transducer Holder has variable height adjustability with 23.75" L pole. It attaches to an equipment rail for easy access. Transducer not included.

Universal Manometer Holder #LS1013016

The Universal Manometer Holder attaches to an equipment rail for easy access. Manometer not included.

Universal Resuscitator Holder

#LS1013004

The Universal Resuscitator Holder attaches to an equipment rail. Resuscitator bag not included.

Universal Sharps Container Holder

#LS1013009

The Universal Sharps container Holder attaches to an equipment rail for easy access. Sharps Container not included.

Universal Waste Basket Holder #LS1013021

The Universal Waste Basket Holder attaches to an equipment rail for easy access. Waste Basket not included.

Vacuum Bottle Slide Holder

#LS1008001

The Vacuum Bottle slide snap action mounting adapter holds a surgical fluid canister. Plastic disposable holder and vacuum bottle not included.

Snap Action Mounting Adapter

The Snap Action Mounting Adapters has 2 holes and attaches to an equipment rail to allow mounting options for support equipment.

LS1001001 with Vertical Holes LS1001002 with Horizontal Holes

Double Snap Action Adapter

The Double Snap Action Adapter attaches to an equipment rail to allow mounting options for support equipment. Adapter is 3" W and can be snapped onto the equipment rail or attached with an Allen wrench.

Equipment No.

LS1001012 with 2 Holes LS1001011 with 4 Holes

Telephone Mounting Plate

The Telephone Mounting Plate is used to attach a telephone to a Harmony EMS column. Telephone not included.

Equipment No.

LS1018073 attaches to Vertical Channel

LS1013027 attaches to Horizontal Equipment Rail

Hose and Cable Clip Organizer

The Hose and Cable Clip Organizer attaches to an equipment rail and is used to organize hoses and cables to prevent trip hazards.

Equipment No.

LS1013033 includes 3 Clips with Snap Action Adapter
LS1013007 includes 3 Clips without Snap Action Adapter
LS1013029 includes 6 Clips with Snap Action Adapter
LS1013008 includes 6 Clips without Snap Action Adapter

Waldmann Task Light 50sx

The Task Light and Halux LED Lamp for additional lighting support (Image Shown is LS1015004)

Equipment No.

LS1015004 Waldmann Task Light 50sx LS1015025 Waldmann Halux LED 20 Lamp

Task Light Support

The Task Light Support attaches to equipment side rails. Task Light not included.

Equipment No.

LS1015002 Burton Lamp Mounting Holder
LS1015001 Luxo Lamp Mounting Holder
LS1015003 Waldmann Lamp Mounting Holder

Utility Hook

The Utility Hook attaches to equipment rails for improved organization. Optional clips are available to hold documents, manage patient leads, or additional accessories.

Equipment No.

LS1013013 Single Hook

LS1013113 Single Hook with 3 Clips

LS1013014 Triple Hooks

LS1013114 Triple Hooks with 9 Clips

Utility Basket

The Utility Basket attaches to equipment rails and is used to organize a multitude of supplies.

Equipment No.

LS1011001 6.5" W x 4" D x 7" H LS1011002 10" W x 6" D x 4" H

LS1011003 18"W x 9"D x 4" H with 3 Adjustable Dividers

LS1013001 10"W x 13" H Chart Holder

Storage Basket

#THOPT0291

Wire Storage Basket attaches to vertical HarmonyAIR™ equipment boom column.

Stainless Steel Storage Basket

#THOPT9893

Stainless Steel Storage Basket attaches to vertical HarmonyAIR™ equipment boom column.

Computer Holders

Computer Holders HarmonyAIR™ equipment booms are dimensioned for computers in different sizes. Two silicon belts guarantee individual adaptability and secure mounting for computers. Includes mounting hardware.

Equipment No.

THCOM6144 Small, 11 lbs max load THCOM6146 Large, 44 lbs max load

Keyboard Holder

#THKEY112

Keyboard Holder for HarmonyAIR™ equipment booms, fixed, fits standard keyboards, 11 lbs max load; could also be used as a half shelf for holding fluids.

Laptop Holder with Mousepad #THKEY113

Laptop Holder with Mousepad for HarmonyAIR™ equipment booms, 22 lbs max load

Keyboard Drawer with Mousepad #THKEY121

Keyboard Drawer with Mousepad (left/right) for HarmonyAIR™ equipment booms. 6.6 lbs max load

Keyboard and Mouse Support #THKEY131

Keyboard and Mouse Support for HarmonyAIR $^{\rm TM}$ equipment booms, 15.9" Arm Length, 11 lbs max load

Keyboard and Mouse Support #THKEY111

Keyboard and Mouse Support for HarmonyAIR™ equipment booms, 18.4" Arm Length, 11 lbs. max load

Keyboard and Mouse Support #THKEY311

Keyboard and Mouse Support on Single Pivot Arm for HarmonyAIR™ equipment booms, 21.4" Arm Length

Keyboard and Mouse Support #THKEY411

Keyboard and Mouse Support on Double Pivot Arm for HarmonyAIR $^{\text{TM}}$ equipment booms, 35.1" Arm Length

Cable Management Cord Wrap Mount #LS1013026

Cable Management Cord Wrap Mount attaches to an equipment rail to prevent cord trip hazards on the floor.

Cable Winders #THOPT2004

Cable Winders (2) with Cover Strip for HarmonyAIR™ equipment booms, includes Mounting Hardware

Pole for Bair Hugger #LS1022010

25mm Pole for Bair Hugger with pole clamp. Mounts between two shelves.

Bair Hugger Shelf #LS1022011

Bair Hugger shelf, vertical rail mounting.

Harmony® LED 385 Ceiling Mount Package #LED30

The Harmony LED 385 Exam Light features bright luminous intensity delivered in an ultra-slim, compact design used in procedure and exam rooms, ER/trauma departments, labor and delivery suites, and ICU rooms. Includes Ceiling Package, Spring Arm w/Horizontal Extension Arm, and H385 Lighthead for Exam.

Harmony® LED 385 Mobile Stand Package #LED31

The Harmony LED 385 Exam Light features bright luminous intensity delivered in an ultra-slim, compact design used in procedure and exam rooms, ER/trauma departments, labor and delivery suites, and ICU rooms. Includes Mobile Stand System, Spring Arm w/Vertical Tube, H385 Lighthead for Exam, and North America Cord Kit.

Harmony® LA 300 Ceiling Mount Package #LA30

The Harmony LA 300 Exam Light is designed specifically for minor procedures in an ICU or ER. The LA 300 provides high-intensity lighting and its compact ceiling-mount option can be installed anywhere procedure lighting is necessary. Includes Ceiling Package, Spring Arm w/Horizontal Extension Arm, and H300 Lighthead for Exam.

Harmony® LA 300 Wall Mount Package #LA31

The Harmony LA 300 Exam Light is designed specifically for minor procedures in an ICU or ER. The LA 300 provides high-intensity, color-corrected lighting and its compact wall-mount option can be installed anywhere procedure lighting is necessary. Includes Wall Mount Kit, Spring Arm w/Horizontal Extension Arm, and H300 Lighthead for Exam.

Harmony® LA 300 Mobile Stand Package #LA32

The Harmony LA 300 Exam Light is designed specifically for minor procedures in an ICU or ER. The LA 300 provides high-intensity, color-corrected lighting and its mobile option can be utilized anywhere procedure lighting is necessary. Includes Mobile Stand System, Spring Arm w/Vertical Tube, H300 Lighthead for Exam, and North America Cord Kit.

Harmony® LA 300 Replacement Lamp

Replacement lamp for Harmony LA 300 Exam Lights.

Amsco® Examiner® 10 Examination Lights

The Amsco® Examiner® 10 Examination Lighting System illuminates with brilliant intensity for accurate diagnosis and treatment in physician offices, clinics, emergency rooms, nursing homes, and veterinarian offices. Available in wall-mounted, ceiling-mounted, or mobile unit options.

Equipment No.

AS3122	Wall-mounted with 14" Extension Arm
AS3124	Ceiling-mounted without 14" Extension Arm, Single Lighthead
AS3133	Ceiling-mounted with 14" Extension Arm, Single Lighthead
AS3533	Ceiling-mounted with 14" Extension Arm, Dual Lighthead
AS3135	Mobile Unit, 34" W Base, 67" H Stand

Amsco® LD-202 In-Ceiling Lighting System

The Amsco LD202 lighthead system was designed for the special needs of labor and delivery. The low profile style helps keep the light source directed away from the patient's eyes and focused where the caregiver needs it. 2' x 2' recessed fixtures provide an uncluttered environment while easy-to-use wall-mounted controls provide 5 levels of light intensity.

Equipment No.

AS71060000060030 Single Lighthead AS70060000060030 Dual Lighthead

Re-sterilizable Plastic In-light Handle #LB20

These plastic handles are compatible with all Harmony Surgical Light models including the Harmony 300 Exam Light. They allow for quick and easy application and secure fit of the blue Disposable Light Handle Covers (#LB53 - sold separately) with surgeon control.

Re-sterilizable Aluminum In-light Handle without Surgeon Control #LB22

These aluminum handles are compatible with all Harmony Surgical Light models including the Harmony 300 Exam Light. They are a cost-effective solution for cases not requiring dimming or adjustment of light intensity from the sterile field. They allow for sterile control of pattern size.

Re-sterilizable Aluminum In-light Handle with Surgeon Control #LB23

These aluminum handles are compatible with all Harmony Surgical Light models including the Harmony 300 Exam Light. They allow for sterile control of power on/off, intensity levels and pattern size. Silicone insert withstands ~1,000 sterilization cycles.

Silicone Insert Ring for #LB23 Re-sterilizable In-light Handle with Surgeon Control

#LB24

Clear, sterilizable, silicone ring replacements for Re-sterilizable Aluminum Inlight Handles with Surgeon Control (#LB23 - sold separately).

Disposable Sterile Light Handle Cover #LB53

These blue, light handle covers are compatible with all Harmony Surgical Light models including the Harmony 300 Exam Light. They provide sterile control of power on/off, intensity levels and pattern size and eliminate the need for cleaning and sterilizing of handles for every case. Individually packaged, 120 unit count.

Disposable Sterile Light Handle Camera Cover #LB54

These blue, light handle camera covers are compatible with all Harmony standard definition and high definition in-light cameras. They provide sterile surgeon control and eliminate the need for cleaning and sterilizing of handles for every case. Individually packaged, 30 per case.

Harmony® LED 385 Sterilizable Handle - Replacement #LB57

These replacement handles are only compatible with Harmony 385 LED Exam Lights. They provide sterile control of power on/off, intensity levels and positioning.

Harmony® In-light Camera Options

Equipment No.

LB001 Harmony Light Handle Camera Module, NTSC Format

LHD0002 HD Camera Light Handle Module
LHD0013 Camera Case for HD and SD Camera

Harmony® ConnectPoint™ System for HD LED, LED and vLED Systems

Harmony® ConnectPoint™ System provide power and video signal connections from a flexible arm attached to any STERIS surgical lighting system. With factory tested pre-wired arms, the Harmony ConnectPoint system is designed for durability and reliability. The Harmony ConnectPoint solution can be added at any time as your room needs evolve.

Equipment No.

LB0016 for HD LED or LED Systems

LB0017 with 2000 Adapter for vLED Single Monitor Arm System

LB0018 with 3000 Adapter for vLED Dual Side-by-Side Monitor Arm System

Harmony® HD LED or LED Ambient Light Kit #LB18

The Ambient Light Ring can be added on to your Harmony® LED Surgical Lighting and Visualization Systems at any time. This soft green light provides excellent low level illumination during minimally invasive procedures or situations where the room lighting is very low. The Ambient Light Ring provides enough supplemental illumination to enhance staff and patient safety.
