

AMSCO[®] 3052 SINGLE-CHAMBER WASHER/DISINFECTOR

This on-site training at your facility for Equipment Technicians will provide you with the knowledge to operate, troubleshoot and perform preventive maintenance on the AMSCO 3052 Single-Chamber Washer/Disinfector.

Course Goal:

This course provides the student with an in-depth understanding of how to operate the AMSCO 3052 Single-Chamber Washer/Disinfector and perform common troubleshooting and adjustments. The student will learn the theory of operation and functional descriptions for major components and how to access the STERIS website for technical information, technical assistance or place a service request.

Please note when STERIS conducts training at your site, in order to maintain the operational readiness of your equipment during the training, this training does not rebuild or replace any components that make the equipment non-operational.

Course Outcomes

At the end of this course, the student will be able to:

- Verify all utilities are available to operate the AMSCO 3052 Single-Chamber Washer/Disinfector.
- Operate the AMSCO 3052 Single-Chamber Washer/Disinfector in normal and service modes using the control panel touch screen.
- Locate the preventive maintenance schedule and learn how to use it to perform basic preventive maintenance on the AMSCO 3052 Single-Chamber Washer/Disinfector.
- Perform common troubleshooting and adjustments.
- Put the AMSCO 3052 Single-Chamber Washer/Disinfector into a safe state.
- Clean the AMSCO 3052 Single-Chamber Washer/Disinfector.
- Access the STERIS service websites for assistance.

Engage. Enhance. Excel.
